Application Process

To begin the application process please go to [MPhil/PhD Sport and Exercise Science Course Webpage](#) as a MPhil/PhD can be carried out on a part-time or full-time basis so please select the relevant application link. On the application form, please make it clear that you are applying for one of our advertised projects so we can direct it straight to the relevant people.

The Interview

All successful applicants will be offered an interview with the proposed Supervisory Team. You will be contacted by a member of the Research School Team to find a suitable date. Interviews can be conducted in person or over Microsoft Teams.

Funding your PhD

Our commitment to our students is reflected in the results of the Postgraduate Research Experience Survey 2023 in which we ranked 3rd for overall research student satisfaction nationally. Key to our success in this area is the Research School, a focal point for all our research students.

It provides:

- day-to-day support for our students, both administrative and practical, through our dedicated team
- a Research Student Study Space with both PCs and laptop docking station
- a comprehensive Researcher Development Programme for students and their supervisors
- a programme of student-led conferences and seminars

Research Group

Inclusive Sport and Physical Activity Research Group

The Inclusive Sport and Physical Activity Research Group aims to support excluded and marginalised individuals and communities through ethically and socially responsible research.

We aim to support excluded and marginalised individuals and communities through ethically and socially responsible research with three key research themes: Gender, Identity and the Body; Inclusive Sports and Politics of Sport. Together these themes build a focused, contemporary and highly relevant research agenda based on collaboration and interdisciplinary practice, to integrate research scholarship in and beyond the School of Sport and Exercise Science at the University of Worcester.

Widening Participation

As part of its mission statement the University is committed to widening participation for its higher degrees. Although most candidates will have an undergraduate and/or a Masters degree, the University is happy to accept applications from candidates with relevant professional qualifications and work related experience.

For further information or an informal discussion on this project, please contact Dr Gyozo Molnar (Director of Studies) via email at g.molnar@worc.ac.uk
